Subject: Request for Leave

Dear Madam,

I am writing to respectfully request three (3) days from my annual leave on 26th, 27th, and 31st August 2026.

Due to a health issue, I would like to take this time to seek medical treatment and take the necessary medication. This short period of leave will allow me to attend to my health needs and return to work in better condition, after which I will continue following up on the machine-related issue.

Before proceeding on leave, I will ensure that all my current tasks and responsibilities are properly arranged to avoid any disruption to work.

I kindly request your approval and would greatly appreciate your understanding and consideration.

Thank you for your support.

Yours sincerely

MUKANDAYAMBAJE Claudine

Assistant to ED and Accountant
